### EDUCATION AND TRAINING

Ph.D., Law, 2011

University of Aberdeen, Aberdeen, Scotland

Dissertation: *The Synergistic Approach: Racial Discrimination & the Right to Health*

MPH, *cum laude*, 1998

Department of Behavioral Sciences and Health Education

Rollins School of Public Health, Emory University, Atlanta, GA USA

Thesis: *A comparison of birth outcomes of infants born to resource mothers program participants and matched non-participants in Atlanta, Georgia*

B.A., Psychology, 1996

Arizona State University, Tempe, AZ USA

Minor: Family Studies

### RESEARCH INTERESTS

Health & Human Rights; Complex Humanitarian Emergencies; Women's Health; Public Health; Global Health; Brazil; Cuba

### LEADERSHIP

Emory Academic Leadership Program	2017 - 2018
Georgia WIN Leadership Academy Fellow	2017 - 2018
<a href="#">Women Leaders in Global Health</a> (Leadership Workshop)	2017
Rockwood Leadership Institute, Art of Leadership	2017
Cognitively Based Compassion Training	2017
John E. Robson Fellow	2017
Advisor, The OpEd Project	2015 - current
Director of Graduate Studies, Hubert Department of Global Health	2017 - present

### AWARDS AND HONORS

Association of Schools and Programs of Public Health, Early Career Public Health Teaching Award (nominee) 2017

Mid-Career Award in International Health, American Public Health Association, 2017

Porsche Driving Force Award (nominee), 2016

Unsung Heroine-Emory Women of Excellence Awards, Emory University 2016

Crystal Apple Award, Excellence in Professional School Education, Emory University, 2015

We Are Emory Community Builder, 2011-2012

Dr. Martin Luther King Jr Community Service Award, 2007

Delta Omega Public Health Honor Society, 1998  
Omicron Delta Kappa National Service Honor Society, 1997-1998

## LANGUAGE SKILLS

Fluency in written and spoken Portuguese; Working knowledge of Spanish and French

## PROFESSIONAL APPOINTMENTS

**Assistant Professor, jointly appointed:** Hubert Department of Global Health and Department of Behavioral Sciences and Health Education  
Rollins School of Public Health, Emory University, Atlanta, GA USA

**Adjunct professor,** Emory College and Emory School of Law, Atlanta, GA USA

**Adjunct professor,** Faculdade de Medicina do ABC, Santo André, Brazil

## PROFESSIONAL EXPERIENCE

**Interim Director,** Institute for Developing Nation, Emory University

**2017-Present**

**Assistant Professor**

**2011– Present**

*Co-Director of Graduate Studies*

**2017 -Present**

**Senior Associate**

**2009 – 2011**

**Lecturer**

**2002 –2009**

Hubert Department of Global Health

Rollins School of Public Health, Emory University

Developed course curricula and instructed courses in Critical Issues in Global Health, Health and Human Rights, Interdisciplinary Perspectives in Human Rights and Epi Info; Served as Principal Investigator on grants, cooperative agreements, and contracts related to global health with a focus on capacity building. Supervision of and thesis advisement to graduate students. Coordination of an intensive public health study trip to Havana, Cuba for Master's level students 2002-2005. Faculty advisor for Human Rights Action (HuRA) at the Rollins School of Public Health at Emory University; Conference Planning Chair for the international conference "Lessons Learned from Rights Based Approaches to Health" held 14-16 April 2005. Affiliated faculty with the Global Research on Women (GROW) Group.

**Director**

**2013 – Present**

Center for Humanitarian Emergencies, Emory University

Principal and co-investigator on two five-year cooperative agreements between the US Centers for Disease Control and Prevention's Emergency Response and Recovery Branch (ERRB) and the Rollins School of Public Health. One cooperative agreement (2013-2018) establishes a Center for Humanitarian Emergencies (CHE) at Emory. Programs include: a competency-based graduate certificate program in humanitarian emergencies; a fellowship program for mid-career professionals; and funded field practicum opportunities. Additional activities include administration of the executive and curricula committees of the CHE, original research, and course development. Research and programmatic activities included a 'How To Guide' for UNICEF's Risk Informed Programming. The second cooperative agreement (2015-2020) supports the development of five Coursera courses related to health in humanitarian emergencies; the development and implementation of a Nutrition in Emergencies curriculum in cooperation with International Medical Corps; and training in spatial analysis for Zika virus surveillance in Latin America.

**Executive Director**

**April 2002 – Present**

Institute of Human Rights, Emory University

Founding member and Executive Director of the Emory University Institute of Human Rights; Founder and administrator of an interdisciplinary graduate certificate program in human rights and training program in human rights for faculty and professionals; Developed and administered an Atlanta based

Asylum Network for asylum seekers in the Southeastern United States through partnership with Physicians for Human Rights; Provided program planning and logistics management for an ongoing speaker series, and Human Rights Week at Emory University; Coordinated partnerships with community agencies in the Atlanta area and human rights arena including the Carter Presidential Center, Amnesty International, the United Nations Association, CARE USA, the U.S. Centers for Disease Control and Prevention (CDC) and Human Rights Atlanta.

**Director**

**2003 – Present**

**Health Educator**

**July 1998 – April 2002**

Southeastern Institute for Training and Evaluation

Rollins School of Public Health, Emory University

Primary instructor for public health related continuing education courses; Facilitator and instructor for specialized trainings for public health practitioners. To date trained more than 1,000 individuals from more than 35 countries; Designed and conducted health education curricula for public health practitioners in the State of Georgia. Additionally, contribute evaluation experience to ongoing prevention and intervention research projects; Co-primary investigator, “Georgia’s Prostate Cancer Message”, developed Georgia’s prevention and treatment message in regards to prostate cancer. Strategies included face-to-face interviews, focus groups, facilitation of a working group symposium, qualitative data analysis, curriculum development and training for public health professionals. Data manager for the Resource Mothers Program quantitative evaluation, including form development and training, management of multiple large databases, data analysis, and report writing.

## **CONSULTANCIES**

1. Interagency Working Group on Reproductive Health in Crisis, Consultation on Abortion Research in Humanitarian Settings  
March 21, 2017  
A key outcome of this consultation was the creation of a community of practice among researchers who will bring new evidence to inform policy reforms and program improvements.
2. Interagency Working Group on Reproductive Health in Crisis, Consultation on Interagency Field Manual on Reproductive Health in Humanitarian Settings  
September 28-30, 2016/February 21-22, 2017
3. Interagency Working Group on Reproductive Health in Crisis, Consultation on Interagency Field Manual on Reproductive Health in Humanitarian Settings

4. FHI360  
October 2015-September 2016  
Up to one week of consultation on assessing foreign public health legal landscapes to facilitate achievement of the US Global Health Security goals.
5. US Government Expert Meeting  
June 22-25, 2015  
Four days of participation in a US government expert meeting on Female Genital Cutting/Mutilation among refugee and immigrant populations based in the US.
6. iTech, University of Washington  
January 2015  
Twelve hours of consultation including review of existing questionnaire instruments and draft database in Epi Info for use in a TB study of index patients and household contacts in several districts in Ethiopia.
7. The Refuge Media Project  
Producers of the documentary film, "Refuge: Caring for Survivors of Torture"  
November 2007-2010  
"Refuge" is a 30-minute documentary film on the identification management and treatment of refugee survivors of political torture now living in the United States. The film is used to educate and engage health care, mental health care and social service providers and students as well as community organizers and groups serving immigrant communities.
8. World Health Organization  
Geneva, Switzerland  
April 2004  
Consultation on indicators for the right to health. The results of this consultancy were reported to the United Nations Human Rights Committee that monitors the International Covenant on Economic, Social and Cultural Rights (ICESCR).
9. Deepam Educational Society for Health  
Chennai, India  
July-August 2001  
The Deepam Education Society for Health (DESH) is a non-governmental organization based in Chennai (Madras), India that provides health education services in the area of HIV to women and children in India. Performed consulting duties including program methodology design, development and performance of data analysis, preparation of a presentation to the John D. and Catherine T. MacArthur Foundation by the Executive Director of DESH in 1999. Additionally, in 2001 traveled to Chennai, India to conduct a three-week public health training for employees of the organization on various public health topics.

## **COURSES/CURRICULA**

### **Emory University**

*University Course: Global Security and Leadership in a Complex World*

An initiative of the Provost the University course encourages a multidisciplinary examination of issues and topics by faculty and students from across the university. This course provides perspective on the many substantive, thematic and functional components of global security in the context of the complicated and challenging international environment.

### **Rollins School of Public Health, Emory University**

*Global Health 500: Critical Issues in Global Health*

Introduces MPH students to global public health issues of two kinds: (1) fundamental crosscutting issues such as the relationship between global health and economic development, and (2) selected thematic areas such as child survival, HIV/AIDS, and global tobacco control.

*Global Health 508: Health and Human Rights*

Engages students in critical thinking around issues at the intersection of health and human rights in order to inform effective public health/human rights programming.

*Global Health 526: Interdisciplinary Perspectives in Human Rights*

Analyzes how human rights are designed to provide the conditions for the exercise of human agency as the means to enabling people the opportunity to live their versions of the good life. Cross-listed in the graduate schools of Law, Theology, and Political Science.

*Global Health 591Q: Epi Info*

Provides an overview of the main Epi Info programs including the creation of data entry screens, the construction of databases, data storage and analysis.

## **Emory College**

*Global Health Culture and Society 300R-002: Health in Humanitarian Emergencies*

This course introduces students to health and social perspectives in humanitarian response and explores a range of topics including: gender and vulnerable populations, war and health, refugees and internally displaced persons (IDPs), food and nutrition, water, sanitation and hygiene (WASH), mental health, and risk communications.

## **Online Courses**

*Health in Complex Humanitarian Emergencies* (Coursera, Fall 2016)

This course covers the technical and management principles that are the basis of planning, implementing, and evaluating health programs for acutely displaced populations in developing countries. The emphasis is on refugees in camp situations. It includes modules on assessment, nutrition, epidemiology of major health problems, surveillance, and program management in the context of an international relief operation.

*Ebola: An Evolving Epidemic* (Coursera, Spring 2015)

Discusses the evolving Ebola epidemic and its various aspects including disease prevention, management and treatment, response to the epidemic, ethical considerations and the post-Ebola global health landscape. This was the first English language massive open online course about Ebola and the first MOC about an ongoing complex humanitarian emergency. Over 7,000 learners from 171 countries participated in the course.

*PRS535D: Questionnaire Design and Analysis*

Taught annually, spring term. Presents the basics of questionnaire development and data analysis, as well as the interpretation and reporting of findings. The course introduces students to both quantitative and qualitative data methods.

## **Curriculum Development**

*Sergio: A curriculum for college and graduate level students*

Sergio is the Emmy nominated HBO documentary film based on the book by Pulitzer Prizewinning author Samantha Power, which documents the life and tragic death of Brazilian born diplomat and former UN High Commissioner for Human Rights Sergio Vieira de Mello. A curriculum for teaching college and graduate level students in public health has been developed to accompany the film. The curriculum is especially relevant for those interested in humanitarian aid work and first responders.

Teaching themes of the curriculum include identity, ethics and professional development. The curriculum is available in English, French and Portuguese.

### *Public Health Ethics*

A four-hour course which focuses on ethics and their role in the practice of public health. This course offers an introduction to ethical theories, case studies, and the ethical codes of various health professions.

### *Communication Strategies in Public Health*

This four-hour course focuses on the process of health education. Major principles discussed include: health communication planning strategies, media literacy, social marketing, and media advocacy.

### *Creating Public Health Promotion Web Pages*

An eight-hour course that focuses on the creation of web pages for publication on the World Wide Web. Hands-on instruction in Hyper Text Mark-up Language (HTML) and instruction for creating hypertext and graphics are included in the course.

### *A Prostate Cancer Curriculum for Public Health Professionals*

A two-day course in prostate cancer education for public health and nursing professionals in the state of Georgia. This course provides instruction in the anatomy of the prostate, risk factors, diagnosis and treatment options, health education strategies and policy issues in the field of prostate cancer.
